

LOOK BOOK

AUTUMN / WINTER 2026

Hello Winter!

Discover Dutch Decor’s radiant Autumn/Winter 2026 collection, designed to bring warmth, style, and seasonal charm into your home. Be inspired by rich seasonal hues and soft winter ready textures that create a cozy ambiance in every interior.

Deep bordeaux tones add a rich autumn feel, while the return of timeless green brings balance and serenity. Luxurious velvet fabrics elevate your space with a soft, elegant touch perfect for the colder months. For lovers of bold expression, vibrant statement colors are back: bright, playful, and impossible to overlook this season.

Our faux-fur cushions with a variety of prints add warmth and texture, while new figure-shaped designs, such as a charming reindeer and a beautifully shaped autumn leaf bring a true winter look to your sofa. Retro patterns introduce a subtle nostalgic twist, blending comfort with character.

This new collection has something for everyone: from warm autumn hues to daring pops of color, from soft textures to striking shapes. Create a warm and inviting home that feels uniquely you.

With love,
Team Dutch Decor

Meet our Eco Line

MAKE YOUR LIFESTYLE SUSTAINABLE

This collection has been carefully created with Global Recycled Standard certified suppliers. All products consist a percentage recycled materials. During the production process, chemicals and water contamination are reduced. There are improved working conditions in the entire supply chain. As a brand we are proud of our commitment to a better world.

ECO LINE
CASPER RECYCLED

ECO LINE
BART RECYCLED

Sustainability

Awareness and approach are central to Dutch Decor. We are aware of our ecological footprint and its impact on the world. Therefore we are continuously working on making our brand more sustainable. This includes the complete process from cotton to the final product. Dutch Decor strives and contributes to a sustainable society.

Global Recycled Standard

The quality team of Dutch Decor is continuously improving and innovating the production process and obtaining the necessary certifications for our products. We are proud of the fact that we have the first products fully recycled in our Eco Line collection with the Global Recycled Standard label.

We aim to have even more products certified in the future. One way we are doing this is by having our recycled materials comply with the Global Recycled Standard certification. They are intended to check the recycled material in products and to monitor the social, ecological and chemical impact of production. Global Recycled Standard aims to set requirements for the materials used and good working conditions, and to limit the environmental impact as much as possible.

**Middle cushion is GRS-certified*

Certifications

Member of amfori

Amfori is a global business association driving sustainable trade and supporting our ESG due diligence efforts to improve the Environmental, Social, and Governance performance of our supply chain. Being a member of amfori shows that we act for a more sustainable supply chain.

Amfori leverages decades of expertise and close collaboration with more than 2400 member companies as well as auditing companies, suppliers, producers, factories, and other stakeholders such as policymakers. Representing a diverse array of industries in over 50 countries, that cover trade streams in over 100 countries, amfori continues to have a positive impact on fostering sustainable trade.

OEKO-TEX STANDARD 100

Dutch Decor wants to be sure that we offer a good and safe product. Therefore, many products are OEKO-TEX STANDARD 100 certified. They are a global certification system for raw materials and textile products. It concerns our cushion cover, cushion filling and our plaids and poufs.

Our entire production process is tested to ensure that many of our products are harmless to humans. Our products are tested for compliance with the legal rules and regulations concerning environmentally harmful substances such as heavy metals, harmful colourings and plant protection products.

Better Cotton Initiative

Some of our cotton is produced according to the guidelines of the Better Cotton Initiative (BCI). BCI is a global non-profit organization and the largest cotton sustainability program in the world. BCI started over ten years ago with the aim of improving global cotton production for both cotton growers and the future of the environmental and cotton sector.

BCI truly supports cotton farmers. The focus is on providing training and learning opportunities for these farmers to adopt more environmentally, socially and economically sustainable production practices.

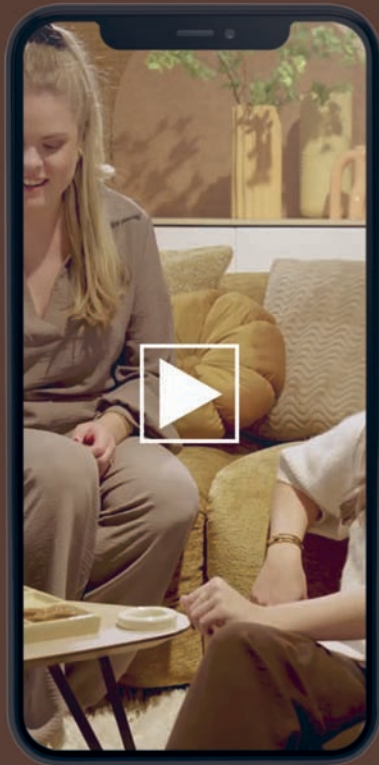

COLOR BOOK

Discover in our color book a beautiful summary of our complete collection. You will find a fascinating look at our entire collection, showcasing its beauty in one comprehensive overview. Take a leisurely journey through the pages and explore the various colours and shades carefully curated. This color book is not just a catalogue; it is an invitation to immerse yourself in a world of colour wonder and interior design.
